## EXECUTIVE SUMMARY

### Total Budget Authority

The American Battle Monuments Commission (ABMC) budget for Fiscal Year (FY) 2021 requests total budget authority of \$75,100,000 and a 444 Full-Time Equivalent (FTE) employment level. The budget authority requested for the Salaries and Expenses account is the same amount requested for FY 2020, however \$9,000,000 less than the amount appropriated for FY 2020.

The FY 2020 increase of \$9 million was appropriated to support ABMC's high-priority projects and address the maintenance backlog at existing monuments and cemeteries.

The Foreign Currency Fluctuations Account (FCFA) request is \$0. Due to the current rates of exchange, the budget rate used by ABMC, and unobligated balances in the FCFA, ABMC is not requesting new funding in FY 2021.

This request is outlined below and further discussed in detail in Part 2.

## **PART 1: INTRODUCTION**

### **Purpose**

To commemorate the U.S. armed forces by maintaining the national legacy of their service in the world's consciousness.

### **Vision**

To increase the public's awareness of ABMC's commemorative sites and services, increasing ABMC's commemorative coverage and more effectively preserving our commemorative sites to ABMC's exceptional standard.

### **Mission**

The American Battle Monuments Commission honors the service of the armed forces by creating and maintaining memorial sites, offering commemorative services, and facilitating the education of their legacy to future generations.

### **Values**

Excellence – Duty – Courage – Service

### **Who We Serve**

Since ABMC was founded in 1923, the success of our mission has depended on the engagement of our stakeholders. Over time, our approach to accomplishing our mission has evolved to meet the changing needs of these various individuals. This section outlines the major groups that we have traditionally served and the types of activities we have provided.

- Veterans, Family, and Friends Honored for Their Service or Their Loss – We honor the veterans, family members, and friends of United States military who have served our country or endured the loss of a loved one who served. This group has the closest ties to our sites, and we strive to provide them with the most positive experience possible. For immediate family members who want to visit a family member's burial or memorialization site, we provide letters authorizing fee-free passports for traveling overseas to visit the memorial site. We also provide, at no charge, color lithographs and headstone photographs to relatives of those interred or memorialized in our cemeteries and monuments. In addition, we offer a variety of other services, including information on an individual buried or honored, and escort services for family members visiting grave and memorial sites within the cemetery.

- **Military and Public Officials** – We host a variety of special events and commemorations throughout the year, including Memorial Day and Veterans Day holidays, to honor the freedom preserved and restored and the lives lost. Host country and U.S. government officials, diplomats, and military representatives attend these events with the public. In addition, military units hold ceremonies to honor their fallen comrades, and foreign organizations pay tribute to those who died liberating their regions.
- **Guests and Visitors** – We receive millions of American and foreign visitors of all generations at ABMC cemeteries and memorials. They learn and are inspired by the stewardship of the memorials and the stories of our armed forces at our visitor centers and contact stations. We provide a variety of services to these visitors, including direction, advice on modes of transportation, and information on local accommodations.
- **ABMC Partners** – We support and provide information to our partners that help us further our mission, including other government agencies, historians and educators, the travel and tourism industry, and the media. Through these partnerships, we promote our mission, encourage visits to our commemorative sites, and help educate and inspire the public.

## **History and Background**

Recognizing the need for a federal agency to be responsible for honoring the fallen members of American armed forces where they had served abroad and for controlling the construction of military monuments and markers on foreign soil, the Congress enacted legislation in 1923 creating the American Battle Monuments Commission.

The Commission is an independent agency of the Executive Branch of the United States (U.S.) federal government. It is responsible for commemorating the service, achievements, and sacrifice of American armed forces in the U.S. and where they have served overseas since April 6, 1917 (the date of U.S. entry into World War I), through the erection of suitable memorial shrines; for designing, constructing, operating, and maintaining permanent American military burial grounds in foreign countries; for controlling the design and construction of U.S. military monuments and markers in foreign countries by other U.S. citizens and organizations, both public and private; and for encouraging the maintenance of such monuments and markers by their sponsors. In performing these functions, the Commission administers, operates and maintains twenty-six permanent American military burial grounds and thirty separate memorials, monuments and markers, of which three are located in the United States.

As reported in the FY 2019 Annual Report, nearly 208,000 U.S. war dead from World War I and World War II are buried or memorialized on Walls of the Missing at ABMC sites. Additionally, more than 8,200 war dead listed as missing from the Korean War and 2,500 from the Vietnam War are memorialized at ABMC's Honolulu Memorial. ABMC also administers three cemeteries not associated with the world wars: Mexico City National Cemetery, Corozal American Cemetery in Panama, and Clark Veterans Cemetery in the Philippines. More than 15,000 members of the armed forces, veterans, and others are interred in these sites.

Each grave site in the permanent American World War I and World War II cemeteries on foreign soil is marked by a headstone of pristine white marble. Annotated on the headstones of the World War I war dead who could not be identified is the phrase, "HERE RESTS IN HONORED GLORY AN AMERICAN SOLDIER KNOWN BUT TO GOD." In the World War II cemeteries, the words "AMERICAN SOLDIER" were replaced with the words "COMRADE IN ARMS."

The Commission's World War I, World War II, and Mexico City cemeteries are closed to future burials except for the remains of U.S. war dead found from time to time in the World War I and World War II battle areas. The Corozal American Cemetery outside Panama City, Panama, and the Clark Veterans Cemetery in the Philippines are the only active cemeteries the Commission maintains.

In addition to Normandy, the Commission has opened new visitor centers at Cambridge American Cemetery, England; Sicily-Rome American Cemetery, Italy; Flanders Field American Cemetery, Belgium;

Meuse-Argonne American Cemetery and Lafayette Escadrille Memorial Cemetery in France; Manila American Cemetery, Philippines; and the Pointe du Hoc and Chateau-Thierry Monuments in France. A new visitor center at Netherlands American Cemetery is in design development and projected to open in FY 2021.

The Commission dedicated its 30th memorial in December 2018 in Wellington, New Zealand, placed at the invitation of the Government of New Zealand in its National War Memorial Park.

The Commission's daily operations are directed by an Executive Level Secretary appointed by the President. For FY 2021, the Commission will be staffed by 444 FTE consisting of U.S. General Schedule and Foreign Service National civilian employees. The agency headquarters is located in Arlington, Virginia, and a field operations office responsible for all overseas cemeteries and memorials is located in Paris, France. The following chart outlines the Commission's organizational structure:

## Operations

The Commission's FY 2021 funding request focuses on providing the appropriate amount of funding for personnel costs, service fees, scheduled maintenance and repairs, supplies, spare parts, replacement equipment, and capital improvements enabling the Commission to perform its mission.

Providing the care, maintenance, and visitor services inherent to these sites requires exceptionally intensive labor at the Commission's cemeteries and memorials. Accordingly, compensation and benefits consume 50 percent of the Commission's FY 2021 request while the remaining 50 percent supports facilities maintenance, logistics, services, supplies and other administrative costs critical to ABMC operations.

### Fiscal Year 2021 Funding Plan

Most of the Commission's facilities are at least half a century old, with the Mexico City National Cemetery being 169 years old. The permanent structures, grounds and plantings make the Commission's facilities among the most beautiful memorials in the world, yet their age requires increased funding levels to maintain them. These shrines to America's war dead require a formidable annual program of maintenance and repair of facilities, equipment, and grounds.

The Commission prioritizes the use of its engineering, maintenance and horticulture funds carefully to ensure the most effective and efficient utilization of its available resources. This care includes the upkeep of graves and headstones, memorial structures within and external to the cemeteries, visitor facilities, quarters for assigned personnel, roads and paths, and ornamental landscaping and fine lawns, all on approximately 1,700 acres of land. All of the plantings, including the lawns, must be cut and shaped, fertilized, and treated with insecticides and fungicides at regular intervals during the growing season, and plantings must be replaced when their useful lives are exhausted or they receive major storm damage.

Responding to events around the world, the Commission emphasizes security throughout the agency, enhancing ABMC's management review, allocating specific funding, and creating a new security program within the Commission's Maintenance and Infrastructure Programs. Nothing is more important than safeguarding ABMC personnel on and off duty, our visitors, and our historic infrastructure. Consistent with U.S. State Department guidance, ABMC will continue to use prior year funding provided in FY 2016 to develop and implement security projects that provide for the health and safety of our staff and visitors, as well as overall facility security.

ABMC also administers trust funds to (1) build memorials authorized by Congress, but financed primarily from private contributions, commemorative coin proceeds, or investment earnings and (2) maintain and repair nonfederal war memorials with private contributions.

**PART 2: FY 2020 BUDGET REQUEST**

**Overview**

The American Battle Monuments Commission (ABMC) budget for Fiscal Year (FY) 2021 requests total budget authority of \$75,100,000 and a 444 Full-Time Equivalent (FTE) employment level. <b>TOTAL</b>	<b>35,722</b>	<b>13,841</b>	<b>4,087</b>

The Commission is requesting a total of \$4,087,000 for the Maintenance and Infrastructure Program to support projects in Facilities Management, Interpretation, Horticulture, Security, Vehicle Replacement, and Cemetery and Horticulture Equipment.

A detailed FY 2021 - 2027 project list is provided in Part 3.

*Facilities Management*..... \$1,785,000

The high quality of the commemorative sites maintained by the Commission demonstrates a careful commitment to America's war dead buried or memorialized overseas. Commission staff are the stewards of these sites, whose condition reflects the degree to which ABMC has achieved excellence. Operating, maintaining, and improving facilities to this standard requires a robust Facilities Management program.

Major FY 2021 projects the Commission proposes to execute include:

- Refurbish the memorial at the Normandy American Cemetery;
- Construct new public restrooms at the Lorraine American Cemetery; and
- Repair enamel and metal elements of the battle maps at the Netherlands American Cemetery.

*Interpretation Program*..... \$336,000

Meticulously maintaining cemeteries and memorials is and will remain ABMC's core mission. But that alone is not enough to honor those who served; the Commission must also preserve and communicate their stories of competence, courage, and sacrifice. Telling the story of those who fought and died through the creation of interpretive centers began with the opening of the Normandy Visitor Center in May 2007. The Commission's funding request for FY 2021 continues the ABMC Education Program.

*Historical Services*..... \$36,000

Identifying and preparing historical narratives and exhibit collections will continue in FY 2021.

*Education and Outreach*..... \$300,000

ABMC's Education and Outreach Program will continue in FY2021.

*Horticulture*..... \$966,000

The Commission's goal for the Horticulture program is to ensure that the horticultural elements of cemetery plot areas, fine lawns, meadows and plantings reflect the honor bestowed upon those who served. These funds will be used to replace the irrigation system at the Somme American Cemetery, replace alignment trees at the Ardennes American Cemetery, and replace the waterproof coating for three fountains at the Rhone American Cemetery.

*Security* ..... \$75,000

In FY 2016, the Commission was appropriated significant funding to address security projects at ABMC sites. The \$75,000 for Security in FY 2021 will continue these important efforts as the prior years funds are expended.

*Cemetery and Horticulture Equipment*..... \$600,000

This request will support the annual requirement for cemetery and horticulture equipment replacement.

**Official Reception and Representation Expenses**

The Commission requests \$15,000 for official reception and representation expenses in FY 2021. This is the same amount funded in FY 2020. A Representation Fund line item of \$15,000 will continue to support ABMC’s worldwide commemorative mission.

<b>TOTAL</b>	<b>104,000</b>	<b>84,100</b>	<b>75,100</b>

The following narrative describes the increases and decreases by budget object classification.

*Personnel Compensation* - The Commission requests \$26,156,000. This funding will support a 444 FTE employment level, including pay and allowances authorized for the Commission’s U.S. employees and Foreign National workforce.

*Personnel Benefits* - This \$11,005,000 request includes funding benefits for employees worldwide such as health insurance, social security, and other allowances authorized for the Commission’s U.S. employees and Local National workforce.

*Benefits for Former Personnel* - The funding request for unemployment compensation and severance pay is \$0 in FY 2021.

*Travel and Transportation of Persons* – This line item supports travel and transportation requirements for U.S. and Local National workers, U.S. employees and dependents traveling on permanent change of station, U.S. student dependents traveling to or from school, and travel by the Commissioners appointed by the President who are charged with oversight of Commission

operations. ABMC funding for official travel is \$101,000 less than the FY 2020 requirement.

*Transportation of Things* - The Transportation of Things budget request is \$776,000 for the transportation of supplies, materials, spare parts, vehicles and equipment used in the operation, maintenance, and repair of ABMC facilities and for the transportation of household goods in connection with permanent change of station. No change in this line item is requested.

*Rent, Communications, and Utilities* - The Commission requests \$6,272,000, a decrease of \$93,000, for office space rent in Arlington, Virginia and Paris, France; water, gas and electricity; horticulture equipment rental; and postal, telephone, and internet services.

*Printing and Reproduction* - No increase for printing cemetery booklets, visitor brochures, photographs, general information pamphlets, and reports is requested.

*Other Services* - The Commission requests \$23,514,000 for other contractual services which consist of engineering and technical services; professional support services; horticulture contracts; operation, maintenance, and repair of equipment; information technology services; interagency service agreements (such as payments to the Department of State for International Cooperative Administrative Support Service, and Capital Security Cost Share Program); maintenance and repairs of vehicles; and employee training. These funds also support the Commission's Maintenance and Infrastructure Program requirements. This request includes \$15,000 (not to exceed) for official reception and representation expenses.

*Supplies and Materials* - The decrease of \$50,000 reflects ABMC's funding requirement for horticulture and facilities parts and supplies, visitor center supplies, day-to-day supplies for the cemeteries, and general office supplies and subscriptions.

*Equipment* - The Commission requests \$1,290,000, a \$105,000 decrease, to fund vehicles, office and information technology equipment, and the cemetery and horticulture equipment replacement program.

*Land and Structures* - The request of \$1,140,000 will fund the mix of Maintenance and Infrastructure program requirements outlined above. This decrease is reflected in the ABMC projects for landscaping, renovation, and construction efforts and in the non-recurring funding increase provided in FY 2020.

## **Foreign Currency Fluctuations Account**

The FCFA addresses exchange rate imbalances between the U.S. Dollar, the European Euro, and other foreign currencies. Due to the current rates of exchange, the budget rate used by ABMC, and unobligated balances in the FCFA, ABMC is not anticipating new funding requirements in FY 2021.

The Commission is requesting to continue the "such sums as may be necessary" language. If the exchange rates at the time of expenditure are above €1 euro =

\$1.00 dollar, then funds are transferred from the FCFA to Salaries and Expenses. Under the “such sums as may be necessary” language, if a need arises where the amounts held in the accounts prove to be insufficient the Commission will submit adjusted estimates.
